

**LEVEL
1-C**

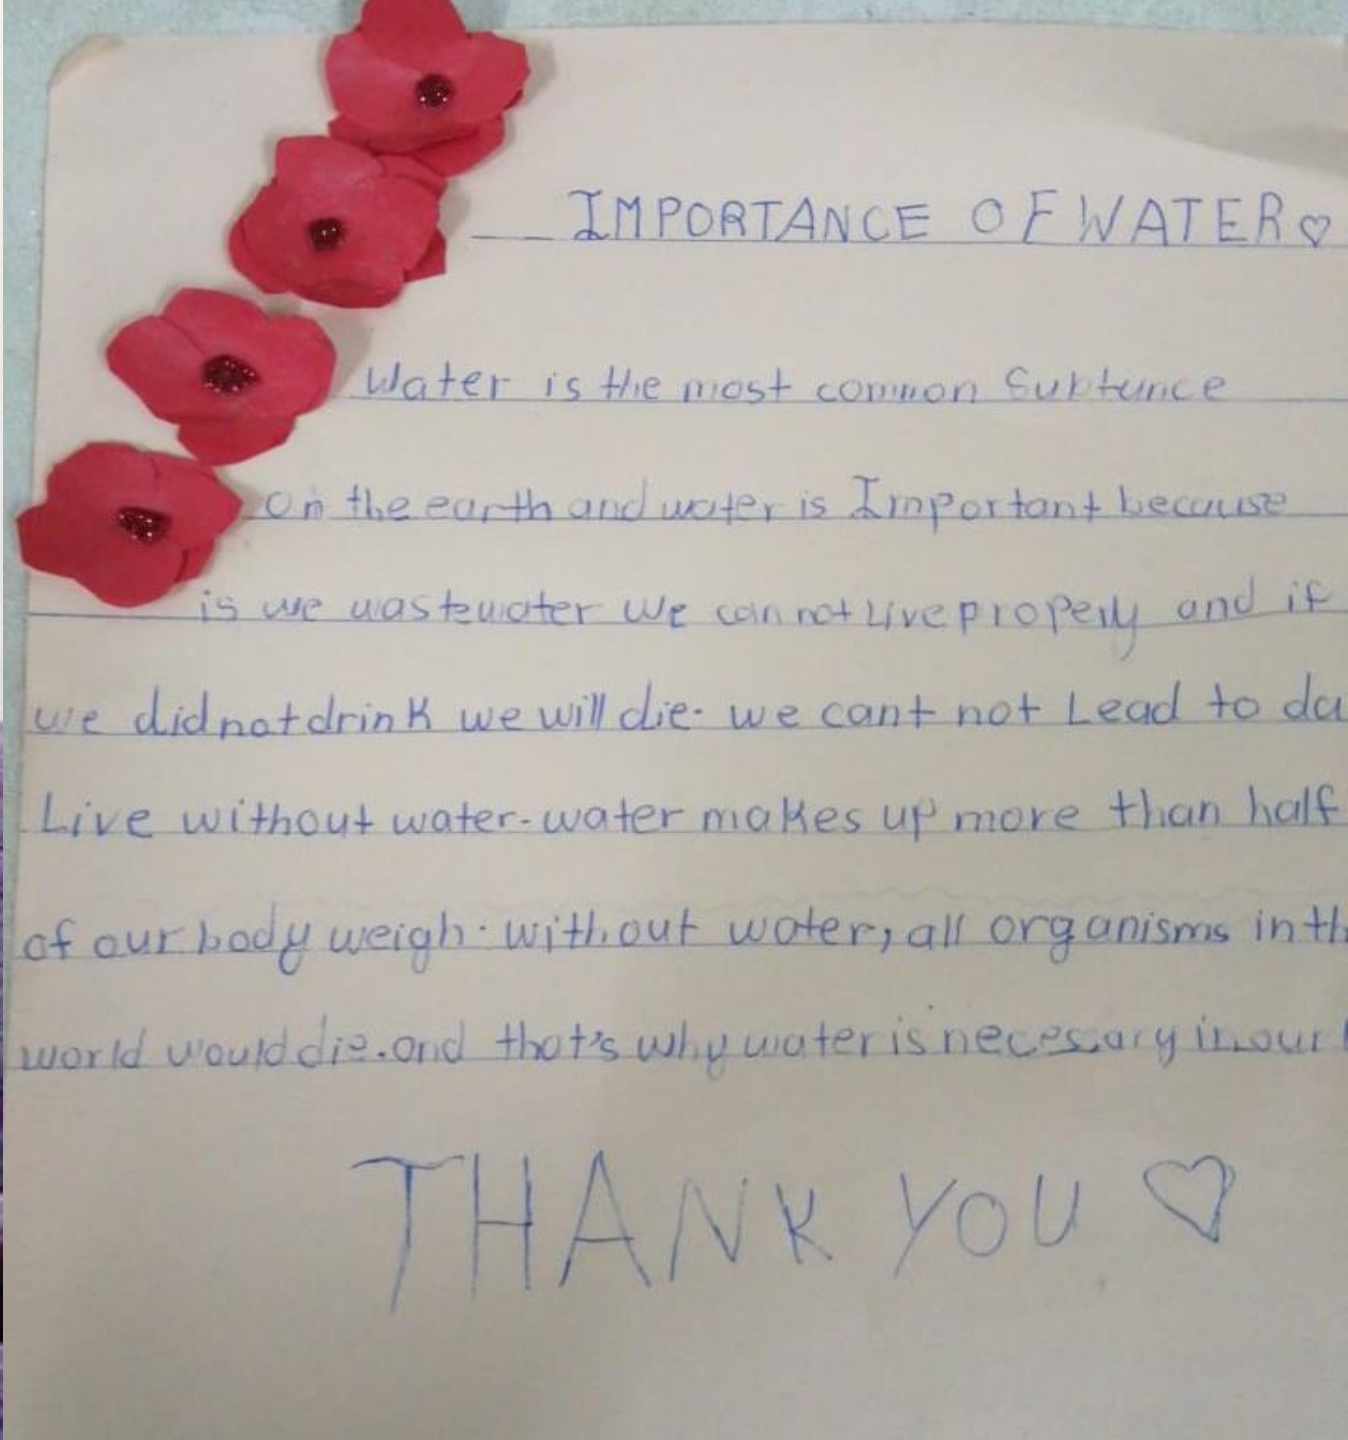

Program schedule :

1. Dress code for the special assembly – Blue.
2. Creative writing – “ Importance of water in our daily life”
3. Show and tell .

**Our future world citizens who actively
participated in the program.**

WORLD WATER DAY

Always water your plants with watering can and not a hose pipe.

Never leave your tap running while brushing your teeth.

Always fill the sink with water to wash your clothes.

Let us do our part and help to save our water!

This is the amount of water we use everyday.

There are lots of ways to save water. Let's have to keep in mind the simple ways of doing it and make it a habit.

Take doctor shows if possible use a bucket to have a bath.

"USE
WATER
WISELY"

"DON'T
LET WATER
RUN IN THE
SINK.
OUR LIFE
IS ON THE
BRINK."

AS A CHILD, WE ALL
CAN DO THESE DAILY....

Don't flush tissue paper
or waste into the toilet,
And tell parents if water
is leaking.

Turn off
tap after
each use.

Turn off
tap while
brushing
teeth.

Take
shorter
baths.

Turn off
tap while
applying
soap.

LETS ALL MAKE
THESE OUR HABITS....
